This sheet shows the A & B Polarisation of the A Band Card Only. There are 2 of these.
F36 Fet Mux & Relay Card, Address Optocouplers

Note:
 Bits SF4, SF5, SF6 & SF7 come from the F24 Front Panel Fet Bias Switches.

Note:
 For B Band, Pol A is SF6 & Pol B is SF7.
"A" Polarisation Fet Protection Relays.

"B" Polarisation Fet Protection Relays.

NOTE.
All Relays are Matsushita TF2-12V Types.
Relays contacts are as if Power is OFF.
